TempO previous map

Courses & time limits

Saturday:

- E open (E para & E junior) – 18+3 controls, 700 m, 15m climb, time limit 78 min
- A open – 12+3 controls, 700 m, 15m climb, time limit 60 min

Sunday:

- E open (E para & E junior), A open – 30 controls, 6 stations with 5 tasks each, 1000 m

Timed controls

Timed controls for all classes are before the course on the way to the start. There is one station with six flags (A-F), three tasks and with no zero answers. The marshal shows to the competitor cluster of flags Alpha to Foxtrot. The competitor receives all maps with the cover on top of them. Maps are not binded together. When the marshal says "The time starts now!" you may remove the cover. When the first answer is given you swap the map by yourself and continue with the next one, etc. The time is stopped when the last answer is given.

Answers are given orally (preferably) in international phonetic alphabet (alpha, bravo, charlie, delta, echo & foxtrot) or alternatively by pointing board.

The maximum time per task is 30 seconds.

For each correct answer you receive your recorded time. For each incorrect answer you receive your recorded time and 60 seconds penalty.

A competitor must give the answer while the relevant map is visible. The competitor shall not turn over to the previous map at any time or to the next map before an answer is given for the current map.

A tasks

Tasks with only one flag have decision point from where you can see the flag

Punching system

In the vicinity of each cluster of decision points will be available puncher(s). Competitors are allowed to use their own punchers if they wish so.

Control equipment

Height of the kite posts are 80 cm

Course printing

Controls are not connected with lines. Control order is mandatory.

Forbidden path

On two places there is forbidden part of the path marked on the map and in the terrain. Also on one place it is allowed to go to the small footpath as it is drawn on the map and marked in the terrain

Start

Saturday: Prestart is 750 m from assembly area. After the timed control competitors proceed to the start
Sunday: Start is at the gazebo in the south corner of the terrain.

Finish

On both days finish is at the same place as the start.

Paths

Saturday: Unpaved forest road.
Sunday: Mixed asphalt and gravel roads.

Zero answers

There might be some zero answers on the course in the E open (E para & E junior) class (if there are any). There might be one or two very obvious zero answers in the A open class. (if there are any).

Zero tolerance

Zero controls are clear and can be solved by the map reading.

Control lines

Lines between controls are not drawn on the map

Parking

Saturday: Parking along the road by the football field Starča
Sunday: Parking is by the south corner of the park and 100m earlier by the graveyard

TempO controls

TempO controls are the same for all classes. There are six stations with six flags (A-F), five tasks and with possible zero answers. The marshal shows to the competitor cluster of flags Alpha to Foxtrot. If all flags are not immediately visible controls can be presented one by one: Alpha, Bravo, Charlie, Delta, Echo, foxtrot. The competitor receives all maps with the cover on top of them. Maps are not bind together. When the marshal says "The time starts now!" you may remove the cover. When the first answer is given you swap the map by yourself and continue with the next one, etc. The time is stopped when the last answer is given.

Answers are given orally (preferably) in international phonetic alphabet (alpha, bravo, charlie, delta, echo, foxtrot & zero) or alternatively by pointing board.

The maximum time per task is 30 seconds.

For each correct answer you receive your recorded time. For each incorrect answer you receive your recorded time and 30 seconds penalty.

A competitor must give the answer while the relevant map is visible. The competitor shall not turn over to the previous map at any time or to the next map before an answer is given for the current map..

Results	For Feud Cup total result after two days is calculated by adding points from two stages. For Cro-Ita Slo TrailO Cup and Croatian TrailO Cup each day is counting as a separate event..
